Positioned between two natural elements—the Caribbean Sea to the front and a wildlife-rich pond to the rear—this rare 0.38-acre parcel is set along the low-density corridor of Rum Point Road on the North Side of Grand Cayman. The property offers exceptional privacy, a serene natural setting, and flexibility for future design and development. As one of the few available lots in this northbound area, it is surrounded by fertile soil, a freshwater pond environment, and striking turquoise waters at your footsteps—creating a unique opportunity to build in harmony with nature.
