Built in 2009, this beautiful two-story home is traditional in style and boasts 5 bedrooms and 6.5 baths. A convenient first floor master suite provides privacy and convenience, spacious closets and large elegant master bath. This master wing has an additional bedroom that could be used as an office or child's nursery/occasional guest bedroom. An elegant sun filled marble staircase leads to the 2nd story which features beautiful hardwood floors, 3 bedrooms each with en suite bathrooms and balcony access from each room. The formal living room, with French doors open to a lovely terrace overlooking the lawn and pool area and provides convenient access to indoor / outdoor entertaining, interior wet bar and formal dining room.
