

Thank you for allowing IRG to be a part of your homebuying journey! By following these simple best practices, we can help make sure that you, your loved ones, and those we come into contact with feel comfortable, safe, and protected during viewings. These rules are also enforceable under the Public Health Act Regulations, 2020.

### WEAR A MASK

Ensure that you wear a mask at all times throughout the viewing.

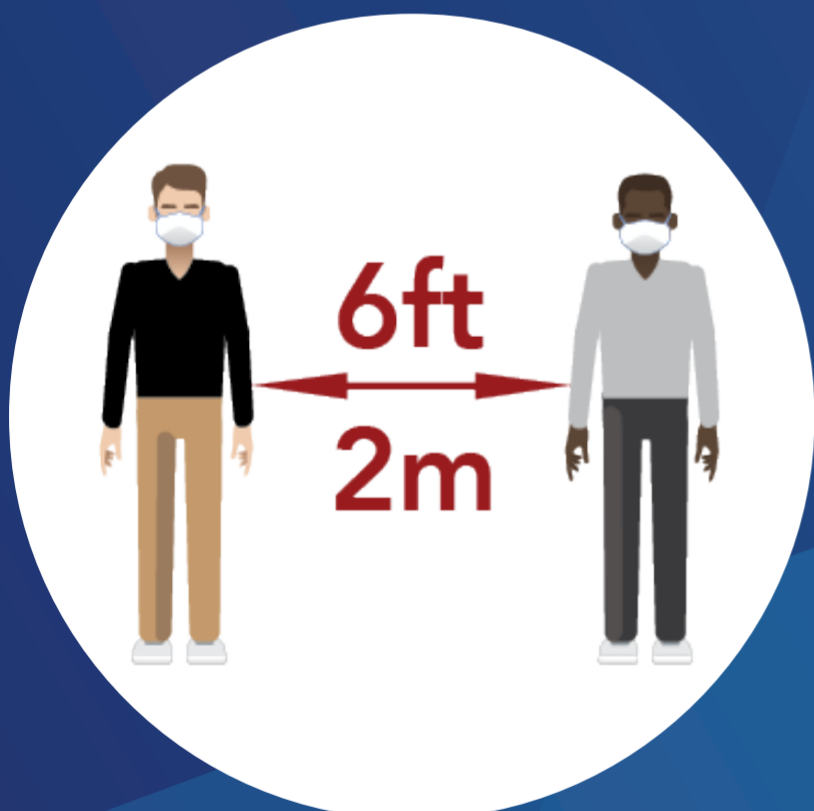

### SANITISE FREQUENTLY

Be sure to sanitise before and after you enter and leave the property. Our agents will have sanitiser if needed.

### HANDS OFF!

Avoid touching any surfaces throughout the property. The agent will open the property and any internal doors.

### MAINTAIN DISTANCE

Maintain the required 6ft (2 metres) distance at all times. That means no hand shakes, fist bumps or bear hugs!

### 6 PERSON LIMIT

Up to 6 persons, including agents, are allowed in the property during a viewing. Vendors should vacate the property before the viewing starts.

### MAKE YOUR OWN WAY

Social distancing requirements prevent us from being able to transport you to the viewing. You will need to use your own vehicle.
